

A Quick Guide: Creating a BOOK in BOOK CREATOR

Follow these simple steps to create your first book in Book Creator on the iPad.

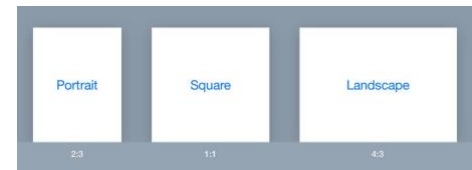

Step 1: Add a New Book

Tap the 'New book' button at the top right of the screen.

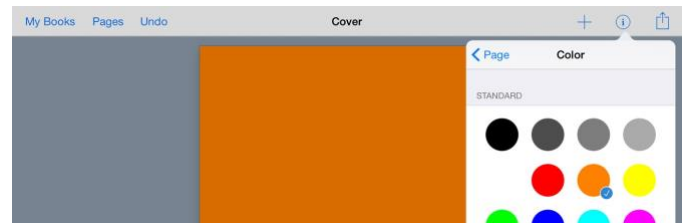

Step 2: Choose a Book Shape

Select portrait, square, or landscape. Note: this cannot be changed later.

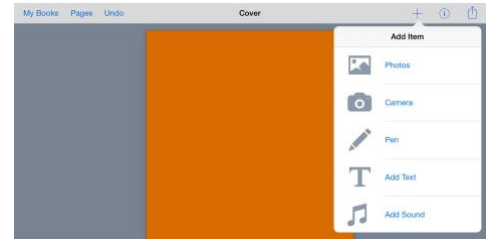

Step 3: Customise Your Cover

Use the Inspector button to select a background colour.

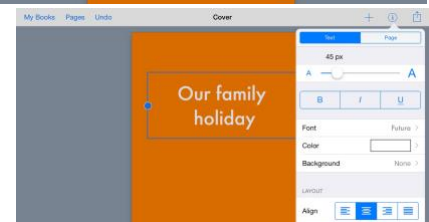

Step 4: Add a Title

Tap + → Add Text. Type your title and press Done.

Step 5: Style the Text

Resize the text box with blue handles. Use Inspector to change font, colour, or size.

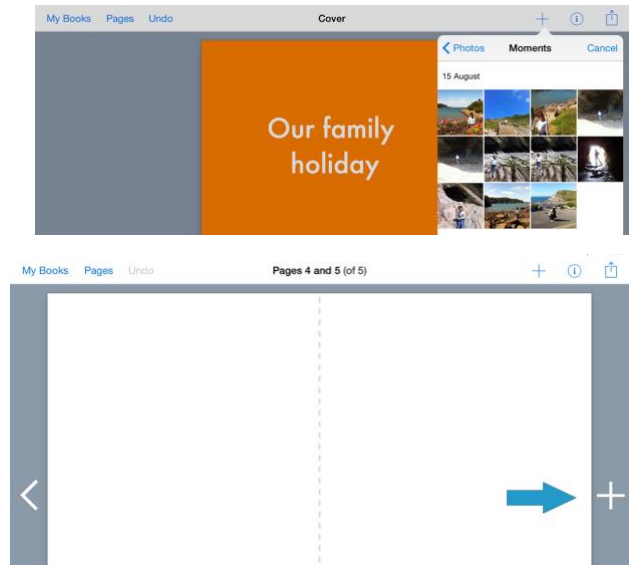

Step 6: Add an Image

Tap + and choose Camera or Photo Library. Select an image and resize it.

Step 7: Add Pages

Tap the + button on the right or use the Pages menu. Continue adding text and images.

Step 8: Save Your Book

Tap My Books. Your book auto-saves, but you can rename the title and author.
